**REPORT ON
ACADEMIC AND ADMINISTRATIVE AUDIT
FOR THE YEAR 2021-2022**

CLUSTER OF THIRTEEN INSTITUTIONS

Yeshwant Mahavidyalaya, Wardha

Introduction:

The Academic Audit of the College was conducted from 19th to 25th April 2022. Purpose of the Audit is to provide the opportunity to overview Institution's Teaching and Learning activity. The check list of the departmental audit was presented to the Panel. The Panel Members investigated the different aspects of the Document, and authenticated them with the supporting evidences. This report consolidates the findings of the panel and put forth the suggestions and area of improvements possible in the future.

The academic audit is a continuous process in education which includes study report with supporting documentation, Internal per review and evaluation of self-study report, modifying the self-study report based on internal peer, External audit by, External audit team.

The purpose of academic audit is to enhance the education quality process of Departments or Programme. This is a regular activity which required to producing, assuring and improving teaching learning process. Academic audit is essential to improve research including minor, major projects, publications, consultancy, and tie up, collaboration and joint program. Academic audit enhances placement activities, soft, life skill and best practice and extension activities. Advantage of academic audit for the student to eliminate excess workload and get overall guidance required for their success. From the teacher point of view the advantage of academic audit is to understand their role and responsibility and ensure to build a well-rounded student who can contribute from day one itself. An academic audit asks how faculty approach educational decision-making and how they organize their work, using the resources available to them and working collegially to provide a quality education in the best interests of the discipline and student learning. Academic audit helps to throw light on major activities such as department should analyze teachers teaching, how students learn and how to best approach learning assessment, department should study their discipline and collect data on what works well and what doesn't, experimentation with active learning should be encouraged, faculty should be encouraged to share and adapt their colleagues successful teaching innovations.

Academic audit is also important from NAAC point of view. NAAC expect from the institution to conduct academic audit to monitor and evaluate the institutional process through systematic internal and external review.

Yeshwant Mahavidyalaya, Wardha

Objectives:

1. To assess the academic performance of individual faculty in a department.
2. To assess the academic performance of the department as a whole.
3. To identify the strengths and limitations of the department
4. To make the individual faculty and the department accountable.

VISITING FEEDBACK:
The Exhibition of Rakhis arranged by the
Students of B.Sc I year & Jr college was
really worth and creative. All the Rakhis
were attractive and nicely arranged.
The attempt of the Students was good.
I wish the good luck to students

What is Ecology?

Origin of the word...”ecology”

- Greek origin
- OIKOS = household
- LOGOS = study of...

- Study of the “house/environment” in which we live.

Ecology is study of interactions between

■ non-living components in the environment...

- light
- water
- wind
- nutrients in soil
- heat
- solar radiation
- atmosphere, etc.

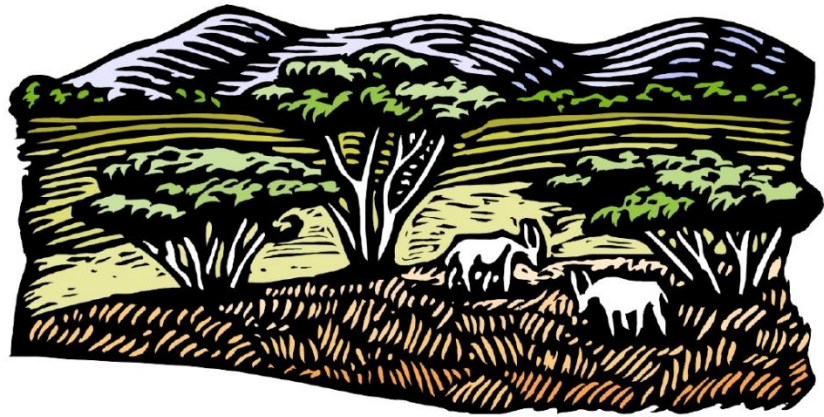

AND...

■ Living organisms...

- Plants
- Animals
- microorganisms in soil, etc.

To study Ecology involves...

■ *For non-living (abiotic)*

- Climatology
- Hydrology
- Oceanography
- Physics
- Chemistry
- Geology
- soil analysis, etc.

■ *For living (biotic)*

- animal behavior
- Taxonomy
- Physiology
- mathematics (population studies)
- etc.

Ecology...

- views each locale as an integrated whole of interdependent parts that function as a unit.

tundra

caribou

The interdependent parts are...

Tundra

- Nonliving
 - dead organic matter
 - nutrients in the soil and water.
- Producers
 - green plants

Tundra

- Consumers
 - herbivores and carnivores
- Decomposers
 - fungi and bacteria

Caribou

ECOLOGY: Levels of Organization

- a hierarchy of organization
in the environment

Levels of organization - Terms

■ Biosphere

- Surface of the earth
- Composed of many ecosystems

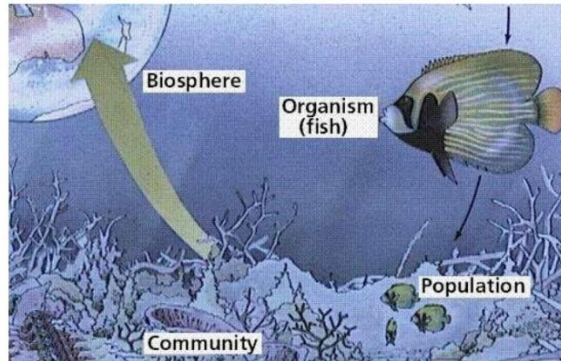

■ Ecosystem

- Large or small as we decide
 - Backyard, O'Melveney Park, Hedge along Room 110, etc.

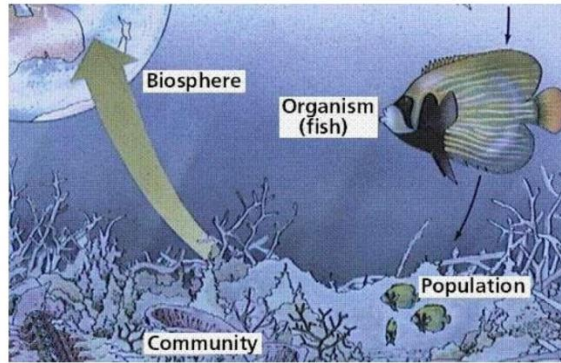

Levels of organization - Terms

- Population – one species live in one place at one time
- Community – All populations (diff. species) that live in a particular area.

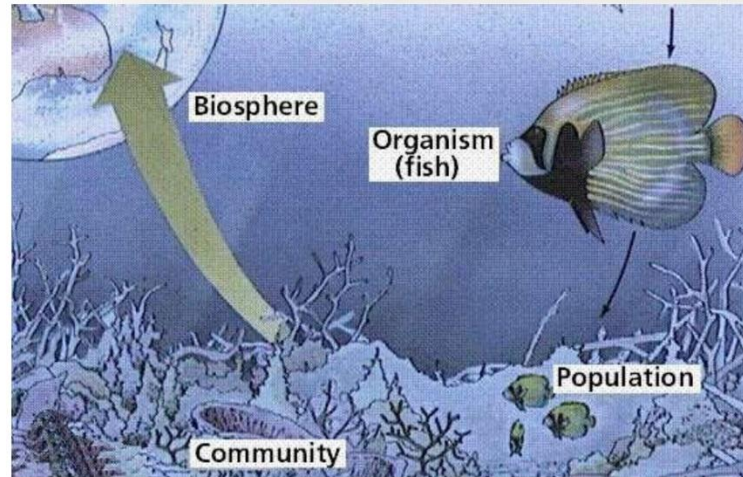

Levels of organization - Terms

- Habitat – physical location of community
- Organism – simplest level of organization

Yeshwant Mahavidyalaya, Wardha

- Very complex
- Can contain 100's to 1000's of interacting species.

THEN...

Ecology is an integrated and dynamic study of the environment.
