3	Offline classes most important because online classes is not liked
4	My first suggestions is take regular classes of English & psychology. My second suggestions is teachers interact with students as friendly. My third suggestions is take offline classes.
5	Teachers should teach students with fun and through some practical's. Teachers should take weekly surprise test.
6	1) Teacher used good method. 2) Good effort. 3) Smiling face

8	1. More emphasis on skill based learning and promoting entrepreneur skill needed. 2. Many competitions can be contacted and more information seminars lecture by an expert required.
9	All skills are best in our Institute like teaching. Take a test on every chapters in every week,
10	I think when teachers teach with more examples then students learn more. 1) subject related Slide show use to teaching. 2) guideline to the exam preparation. 3) inform students All noticed to related subject & university Notices & all the Activities
11	Now online classes are continuing but offline classes much better than online classes for learning.
12	1. Teachers have to improve their online teaching skills. 2. They have to start teaching new extra circular activities to students and improve their knowledge. 3. Ease the conversation and a friendly question sections.
