Department of English

Bridge Course

Academic Year: 2022-23

A Bridge Course in English for newly admitted students is conducted every year before the commencement of the first semester classes by the Department of English. The main objective of the course is to bridge the gap between subjects studied at graduation level and subjects they would be studying in Post-Graduation. The syllabus for the course is framed in such a way that they get basic knowledge on the subjects that they would be learning through Post graduation. This two-week student enhancement and development programme is devised for overall grooming and enhancement of the students' fraternity with a special punctuation for students from rural and semi-rural community.

Objectives

- To bridge the gap between graduation and post-graduation education to meet the student's communicative requirements
- To prepare the students for a classroom atmosphere in which English is the medium of instruction.
- To help the students acquire basic literary skills.

Methodology

A Curriculum is framed separately in each of the subjects, for Bridge Course in English. During the first week after the commencement of the classes, the bridge course curriculum is delivered to the students in various disciplines.

Syllabus for Bridge Course

- How to study literature.
- Introduction Of literary Ages, schools, and major movements.
- Introduction Of literary terms.
- Introduction to various forms of literature
- Precise writing, paragraph, and report writing
- Public speaking, group discussion, debate, declamation contest, and extempore speech
- How to use the dictionary

Outcome

After the completion of the Bridge Course in English, there was significant progress in the skills of the students. Students who had tremendous stage fear were able to overcome it and speak fluently in English. They could easily take part in Group Discussions and exhibit their views in English. Students who had Marathi as the medium of instruction at the school and college level gained the confidence to speak and write in English. They show significant interest in studying English Literature.

Department Of Home Economics

Bridge Course

Academic Year: 2022-2023

A Bridge Course in Home Economics for newly admitted students is conducted every year before the commencement of the first semester classes by the Department of Home Economics.

If a learner does not have the suitable subject background for direct entry to first year Master's level, or she has not studied the relevant subjects in the required depth then she might need to undertake a bridging course to bring the skills and knowledge of the learner to in level with graduate learners from our institute.

The course is open to all M.A. registered students (non-home science and home science students from other universities eligible for the Master's Home Economics programmes. who wish to avail of this opportunity of gaining the basics of Home Economics in the chosen field of the specializations.

This course enables aspirant students who have sought admission for M.A. Home Economics. It equips candidates with relevant knowledge and skills to help them cope with curriculum of the Master's programme under the respective branches.

The main objective of the course is to bridge the gap between subjects studied at graduation level and subjects they would be studying in Post-Graduation. The syllabus for the course is framed in such a way that they get basic knowledge on the subjects that they would be learning through Post graduation. This two-week student enhancement and development programme is devised for overall grooming and enhancement of the students' fraternity with a special punctuation for students from rural and semi-rural community.

Objectives -

1. To create awareness among the students about management in the family.
2. To make students aware of human development.
3. To understand the relation of Nutrition to health.
4. To develop an understanding of Textile fibres and methods of Fabric production.
5. To train the students for self employment.

Methodology-

A Curriculum is framed separately in each of the subjects, for Bridge Course in Home Economics. During the first week after the commencement of the classes, the bridge course curriculum is delivered to the students in various disciplines.

**Syllabus for Bridge Course –****Unit I-**

Basic concept of food science and Nutrition, Functions and characteristics of food groups, Need and importance of Human development, Growth and development, Scope of textile and importance of clothing, Latest trends and fashion, Need of resource management (Human and Nonhuman resources), Importance of art in Interior Decoration, Extension education, Concept of society and problem solving attitude.

Unit II-

Understand ecosystem and environment Issues, Environmental Pollution and its control measures, Basic chemistry of food . Understand importance Digital education .

Outcome of the course -

After the completion of the Bridge Course in Home Economics, there was a significant progress in the skills of the students. This course will be base platform for the students to interact with faculty members, making it responsible for them to develop strong relationship with faculty, advisor and other students. Through this, students get confidence about their respective course and placements .

NAME OF THE TEACHER: Dr. YOGITA THAKRE

SUBJECT: BASIC CHEMISTRY-I

NO OF PERIODS AVAILABLE: 04

DATE	SYLLABUS	OUTCOME
27/7/2022	Introduction and discussion of syllabus Sources and impurities of water, concept of hardness. Disadvantages of hard water for domestic methods Methods of purification of water for domestic purposes such as screening ,sedimentation, coagulation and filtration Methods of sterilization of water-Boiling, chlorination, ozonization and ultraviolet radiation.	Awareness and the scope of the subject, get acquainted with the impurities and understand difference between hard and soft water. Know the characteristics of water required for domestic purposes. Know the methods of purification of water. Get acquainted with importance of sterilization of water
28/7/2022	Introduction of alloys, classification of alloys Effect of alloying various elements on properties of steel Composition and uses of stainless steel and brass	Understanding alloys and its type Get acquainted with purpose of making alloys Basic knowledge of alloys and application of it in our day to day life
29/7/2022	Theory of valency and formation of sodium chloride, magnesium oxide, hydrogen, oxygen and sulphur dioxide Physical properties of liquids such as surface tension and viscosity.	Understanding basic concept of valency and its examples Gaining knowledge about properties of liquid and its measurement
30/7/2022	Introduction of colloids, methods of preparation ,properties	Acquainted with applications of colloids in daily life.

Department of Political Science

Bridge Course

Academic Year: 2022-23

A Bridge Course in Political Science is designed for newly admitted students who have not taken Political Science as a subject at UG level or who are enrolled in faculty other than Humanities. This course is conducted every year before the commencement of the first semester classes by the Department of Political Science.

Objectives

The main objective of the course is to bridge the gap between subjects studied at graduate level and subjects they would be studying in Post-Graduate. The syllabus for the course is framed in such a way that they get basic knowledge on the subjects that they would be learning through Post graduation. This two-week student enhancement and development programme is devised for overall grooming and enhancement of the students' fraternity.

Methodology

A Curriculum is framed separately in each of the subjects, for Bridge Course in Political Science. During the first week the commencement of the classes, the bridge course curriculum is delivered to the students in various disciplines.

Bridge Course M.A. (Political Science)

Syllabus (2022-23)

Unit: I

- 1) Political Theory: - Meaning, Nature, and Significance of Political Theory.
- 2) State: - Meaning, Scope, and Significance of State.

Unit: II

- 3) Basic Features of Indian Constitution.
- 4) Comparative Politics: - Meaning, Nature, Scope and Significance.

Unit: III

- 5) Western Political Thought :-
 - i) Aristotle - Theory of State
 - ii) Karl Marks – Thoughts on State.
- 6) Indian Political Thought :-
 - i) Kautilya – Thoughts on State
 - ii) Mahatma Gandhi – Truth and Non-Violence.

Unit: IV

- 7) Public Administration: - Meaning, Evolution and Scope.
- 8) International Relations: - Meaning, and Scope of International Relations
